

Certificate of internship

Mr. Vinamra Rai, an undergraduate student of civil engineering at the Indian Institute of Technology Kanpur, worked as an intern at the Indian Institute of Management Ahmedabad from May 15, 2018 to July 14, 2018 under my supervision. Mr. Rai was involved in multiple research projects in the area of urban transportation planning and policy. Specifically, he was involved in secondary data assembly and analysis, literature review, survey instrument design, and other research administration work. Mr. Rai successfully completed all assignments and made significant contributions to the projects. I rate his performance as an intern as excellent.

Sandip Chakrabarti, Ph.D.

Faculty, Public Systems Group
